MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Weekly Report of the Office of Training
13 April 1967

1. CT Program

We are making good progress in effecting transfers of Career Trainees to operating components. Our official roster as of 1 April showed a total of 294. There were 13 actions in process, however, which had not yet been recorded and which, if effected as of the end of March as intended, would make our true total 281. Using 281 as a base, and projecting both EODs anticipated and transfers scheduled for the next three months, our monthly totals for April, May and June should be 251, 255 and 270. These figures, if achieved, will bring our average monthly employment for the fiscal year to 290.3. The if is a big one because of the various factors involved, but we will come reasonably close.

2. COS Seminar

The Chiefs of Station Seminar is filled to capacity. The registration quota of 22 has been met and we are encouraging candidates, who can wait, to enroll in the 19 June running of the Seminar. This is a "soft sell" action and we will make sure that there is no conflict with

S. [REDACTED] DDP/NE, started 3 April 1967 at the Institute of Modern Languages studying basic Turkish. This case is interesting as it is the first one handled completely [REDACTED]

[REDACTED] The pattern established is training at the Institute in the morning and working in the LTS language lab with tapes in the afternoon. Unfortunately, the initial evaluation by [REDACTED] (who is a trained linguist with excellent aptitude) is very poor and serious consideration is being given to dropping the course.
